### **SkyWest to add third flight to San Francisco**

SkyWest has announced it will offer a third daily flight between Redding and San Francisco beginning April 5, 2016.

The City of Redding Airports Division was awarded a Small Community Air Service Development Program Grant in 2014. The grant included both a revenue guarantee and marketing/advertising support to upgrade current service between Redding and San Francisco from turboprops to regional jets. Since it was implemented, the upgraded service has been well received by the community, with much faster and more reliable service.

The additional flight will arrive at approximately 10:15 a.m. and depart at approximately 10:45 a.m.

The additional flights come on the heels of word from PenAir, an Alaska regional airline, that it will offer twice daily flights between Redding and Portland, Oregon, beginning April 21, 2016. The airline utilizes 30-seat Saab 340 turboprop aircraft.
